

40 HOUR ADVANCED SKILLS AND TACTICS COURSE

September 26th-30th 2016

Richland PD Range
3320 Twin Bridges RD
Richland, WA 99354
-- \$625 per person

The police sniper needs to be a student of his art, always seeking to improve his knowledge and skills. Gone are the days when a police officer can be handed a rifle, taught to shoot bullseyes and be designated "marksman." The true police sniper needs to be continually challenged to excel at his trade. He needs to know skills that will prepare him mentally and physically for his job in the field. He needs to be exposed to new ideas, tactics and techniques. He needs to learn what is happening to other snipers in the "real world." This class will give him access to all of those things and more. This is a skills enhancement course. Here, he will be exposed to "the next step" in his sniping education. This class picks up where "Basic" left off.

This course will include: High stress marksmanship, Advanced shooting positions and techniques, Team communications, Integrated SWAT/sniper skills & team tactics, Counter-sniper operations, Movement skills, Flash recognition, New equipment, Hide selection, construction and management Case studies.

Students for this course should have completed a basic level course prior to attending. This course will include classroom instruction, field exercises and range time.

A certificate is awarded for successful completion of each of these courses.
